

NEC4 FMC SERVICE MANAGER ACCREDITATION DELEGATE GUIDE

WELCOME TO YOUR NEC TRAINING

This is an **advanced** accreditation programme for professionals who have a strong understanding of NEC principles and processes.

This guide is designed to support you throughout the accreditation journey. It sets out what you can expect at each stage of the programme, the requirements and commitments involved, and the standards that must be met to achieve NEC accreditation. It also provides guidance to help you prepare effectively and ensure you are well informed before, during, and after the examination process.

The information in this guide applies to both **Public** and **In-house** accreditation options and is relevant to delegates undertaking the programme internationally.

ACCESSING YOUR NEC ACCREDITATION PROGRAMME

The online elements of the programme can be accessed via the NEC website (www.neccontract.com). You will need to create your **My NEC** account to complete the programme.

To create a **My NEC** account, click the **Sign in/Register** in the top-right corner of the window.

If you already have an account, please use your existing credentials to sign in, otherwise you will need to register as a new user by clicking the **Sign up** button.

Note: Your **My NEC** login is your email address. If you wish to change your email address at any time, please contact the NEC at accreditations@neccontract.com and we will be able to update it for you.

A screenshot of the NEC login/register form. The form is white with a dark blue border. At the top left, there are the NEC and ICE Training logos. Below the logos, it says 'Log in to NEC Contracts' and 'You can use your account details from NEC Contracts or ICE Training'. There are two input fields: 'Email address *' and 'Password *'. Below the password field is a 'Reset password' link. At the bottom of the form is a dark blue 'Continue' button. Below the button, it says 'Don't have an account? Sign up'.

Once registered, please log in to the NEC website and select **My NEC** (top right). From there, click Access under the **My Learning Academy** tile.

You will then be redirected to the **Thomas Telford Academy** learning platform. From your dashboard, you will be able to access your courses, exams, learning records and achievements as they become available.

NEC ACCREDITATION PROGRAMME OVERVIEW

The accreditation programmes consist of 3 phases. Each phase must be completed within the allocated timeframe before you will be granted access to the subsequent phase.

PHASE 1: PREPARATORY

The pre-requisite modules are designed to ensure all delegates have a consistent level of fundamental knowledge and understanding of NEC contracts before attending the programme. The modules include introductory learning content and accreditation-specific material, followed by a multiple-choice question (MCQ) assessment.

Note: If you have passed any of the pre-requisite modules in the last 12 months, you will be exempt from completing the assessments again, unless you choose to re-sit them. Please note that if you choose to re-sit and were to fail, you will not be eligible to take the final exam.

If you have passed any of the pre-requisites more than 12 months before the start of your course (Phase 2) you will be required to pass the assessment again.

HOW TO ACCESS YOUR PRE-REQUISITES

All pre-requisite modules will be available **30 days** before the Phase 2 start date or immediately upon booking, whichever is later.

Note: All Phase 1 modules and MCQ assessments must be completed by **the classroom course (Phase 2) start date**. If these assessments are not completed by this time, you will not be able to access the final exam.

You can engage with the pre-requisite learning content multiple times before your access expires.

PRE-REQUISITE MCQ ASSESSMENTS

The pass mark for the assessment is **70%**, and you will have **three attempts** to pass. Once you've started your attempt, it must be completed in a single sitting and without taking any breaks. Your highest attempt score will be recorded for your **final score**.

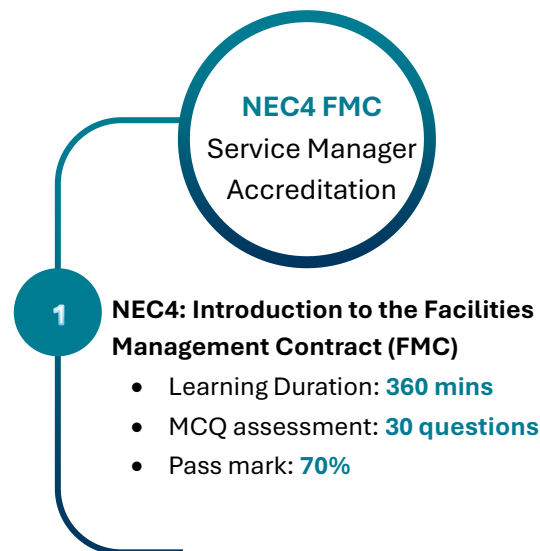

Once you have successfully completed the pre-requisite MCQ assessment, you will be awarded a **Certificate of Achievement**.

If all 3 attempts were unsuccessful, or if the assessments are not completed within the required timeframe, you will not be invited to sit the final **Phase 3 examination** and will therefore not be eligible for accreditation.

In these circumstances, you may still choose to attend the classroom training; however, you will not progress to accreditation without first meeting the pre-requisite assessment requirements.

Please note that once you've started your assessment, your session may timeout
Note: should you take too long to complete the test.

The following outlines the pre-requisite details and requirements for the NEC4 FMC Service Manager Accreditation programme.

PHASE 2: CLASSROOM TRAINING

The facilitated training is delivered over **four consecutive days**.

Attendance on all scheduled programme days is mandatory. Only delegates who have attended the full classroom training will be invited to sit the Phase 3 examination. As part of the programme, you will receive training materials together with complimentary electronic access to the relevant NEC contract(s) and user guides.

PHASE 3: EXAMINATION

Once you have successfully completed the preparatory course and attended the classroom training, you will receive an email confirming that your final exam is available via **My NEC**. You will then have **30 days** from the date of your email to complete the exam.

MULTIPLE-CHOICE EXAM

The multiple-choice question examination is designed to evaluate your applied understanding and professional judgement through a series of scenario-based, complex multiple-choice questions.

The table below provides a high-level overview of the examination model.

NEC4 FMC Service Manager Accreditation Exam

Question type: multiple-choice

Number of questions: 57 (total)

Pass mark: 60%

Duration: 4 hours (total)

Attempts: 1

The exam is completed in two parts. Each part is time-limited and must be completed in one sitting once started, as the timer cannot be paused or restarted. **You must successfully pass Part 1 in order to progress to Part 2.** Both parts must be passed to achieve the accreditation.

A short practice examination will be made available during your access period to help you familiarise yourself with the exam format and question style. This practice exam is for preparation purposes only and does not contribute to your final result.

ACCESSIBILITY AND REASONABLE ADJUSTMENTS

The exam recommends an English language competency equivalent to approximately CEFR (Common European Framework or Reference) level B2 or higher.

Note: You must take the exam on your own and must not **copy, record, share, publish or distribute** the exam content, including questions or your answers with others, otherwise this may result in your examination being voided and may be reported to your employer.

If you have a learning difficulty, disability or any other circumstance that may affect your exam performance, please contact us as soon as possible at accreditations@necontract.com **before** starting your exam. We will discuss any appropriate adjustments with you ahead of your exam.

CERTIFICATION AND RECOGNITION

NEC CERTIFICATE OF ACCREDITATION

On successful completion, you will receive your official **NEC Certificate of Accreditation**, recognised by the Institution of Civil Engineers (ICE). The certificate is valid for **five years** from the date of your accreditation. Your certificate will be available to view and download from **My Learning Record** on your dashboard.

NEC POST-NOMINALS AND NEC ACCREDITATION REGISTER

POST-NOMINAL

NEC professionals who successfully achieve an NEC accreditation will be awarded the following **post-nominal**, recognising their accredited status under the NEC framework.

Accreditation

Post-nominal

NEC4 FMC Service Manager Accreditation

NEC AccSM

The post-nominal may be used after your name in professional correspondence, email signatures, CVs, and other relevant professional materials, provided your accreditation remains valid and current.

NEC ACCREDITATION REGISTER

NEC Accredited professionals are also eligible for inclusion on the **NEC Accreditation Register**.

Inclusion is voluntary and can be managed at any time via the **My NEC** area of the NEC website, where you may opt in or out of being listed.

Holding an NEC accreditation does not entitle you to state or imply that you work for, represent, or act on behalf of NEC® in any capacity.

NEC ACCREDITATION RENEWAL

Accreditations are valid for **five years** from the date of award and must be renewed to remain current.

Six months before your accreditation expiry date, you will be invited to complete a renewal exam. This ensures that your knowledge remains current and that you continue to meet the standards expected of an NEC accredited professional, reflecting any updates to contracts, guidance or best practice.

If you do not successfully complete the renewal exam before your accreditation expires, your accredited status will lapse, your details will automatically be removed from the NEC Accreditation Register and you will no longer be permitted to use the associated post-nominals.

Access to the renewal exam will be arranged by NEC. You will receive an email notification once your renewal is available to view and complete.
