

Schedule of Cost Components – DESIGN BUILD AND OPERATE CONTRACT

Amend component 1 to the following:

1 The following components of the cost of

- people who are employed by the *Contractor* and whose normal place of working is within the Service Areas,
- people who are employed by the *Contractor* and whose normal place of working is not within the Service Areas but who are working in the Service Areas, proportionate to the time they spend working in the Service Areas and
- the people listed in Contract Data who are employed by the *Contractor*, whose normal place of working is not within the Service Areas and who are working outside of the Service Areas other than on manufacture and fabrication, design and providing a shared service.

If the *Service Manager* agrees, additional people may be assessed as if they were listed in the Contract Data.

11 Amounts calculated by multiplying each of the People Rates by the total time appropriate to that rate spent on work in the contract.

Contract Data – DESIGN BUILD AND OPERATE CONTRACT

Add the following entry under the heading “Data for the Schedule of Cost Components”

The people listed in Contract Data who are employed by the *Contractor*, whose normal place of working is not within the Service Areas and who are working outside of the Service Areas other than on manufacture and fabrication, design and providing a *shared service* are
